Member of the Photography Division

I had a hobby of taking photos and editing since I was young. My mom thought it would be a great idea for me to tryout for the position for the member of the photography division. After few stages of selection, I made it in. Albeit, my pictures were often praised by my colleagues, the only thing that I take pride of was being able to experience becoming a part of a great team which later allowed me to join various events held by the school and student council.

Open House Event SMAK Sinlui 1 Surabaya

Kitchen Hand

The school held a bazaar event in 2019, which was attended by more than 30,000 people in the span of 3 days. The event was big and prestigious. My class had the opportunity to make a food stand. During that time, I helped my friends prepared foods for customers while also helped clean up the mess afterwards. It was a great experience since it was also the first time I experienced what its like to be a cook.

Floor Staff

I worked part-time as a floor staff tasked with serving customers for 5 months. The job involves handling customers on a daily basis which helped improve my customer service skills often needed in serving positions. I also learned a lot on multitasking and also being able to balance life, work, and school.
